Great news for South Florida. Baptist Health's hospitals as a group are among the best in the country, according to a national government survey of hospital quality measures.* We scored better than most of the hospitals in the **U.S. News & World Report's Honor Roll**.

The survey ranked hospitals on the basis of national quality measures in heart attack, heart failure, pneumonia and prevention of infections. If you take quality as seriously as we do, you'll choose Baptist Health.
